 - 3 Analyze impacts of social, economic, technological, and environmental forces, including media and marketing, on adult actions related to children and on child growth and development. [ACD-4.3](#)
 - 4 Examine laws and legal issues that impact children, parents, care givers, child educators, and child nurturing practices. [ACD-4.4](#)
 - 5 Determine strategies for advocating on behalf of children and families in areas such as child care, prevention of child abuse and neglect, and parental support. [ACD-4.5](#)
-

Child Health and Wellness Core Standard 5: Demonstrate practices, including resource management processes, which promote the well-being and development of children ages 4 to 8.

Core Stand Demonstrate practices, including resource management processes, which promote the well-being and development of children ages 4 to 8.

- 1 Examine the use of family resources in making choices that satisfy the needs and wants of children. [ACD-5.1](#)
 - 2 Design strategies to meet nutrition requirements and provide safe and nutritious food for children. [ACD-5.2](#)
 - 3 Provide a safe and supportive environment through developmentally appropriate clothing, housing, furnishings, toys, equipment, and modes of transportation. [ACD-5.3](#)
 - 4 ACD-5.4 Examine information and analyze options for health and wellness practices to enhance long-term well-being and development of children. [ACD-5.4](#)
 - 5 Identify available community services and resources, including financial resources that contribute to the long-term well-being and development of children. [ACD-5.5](#)
-

Teaching and Guiding Children

Core Stand Evaluate and implement developmentally appropriate teaching practices and guidance to enhance children's growth and development ages 4 to 8.

- 1 Assess strategies that promote physical, emotional, social, intellectual, cultural, and moral development of children. [ACD-6.1](#)
 - 2 Analyze components of an integrated curriculum that incorporate a child's language, learning styles, home experiences, and cultural values. [ACD-6.2](#)
 - 3 Demonstrate respect for diversity with sensitivity to anti-bias, gender equity, age, culture, and ethnicity related to children, parenting, and child nurturing practices. [ACD-6.3](#)
 - 4 Choose positive guidance and discipline practices that promote child growth and development. [ACD-6.4](#)
 - 5 Formulate nonviolent, proactive strategies to prevent and manage conflict between children and between adults and children, including bullying.procedures. [ACD-6.5](#)
 - 6 Access, evaluate, and utilize current and emerging research related to child growth and development related to early childhood practices and procedures. [ACD-6.6](#)
-

**Special Conditions
Affecting Children
Advanced Child
Development, 8-1-14,
Page 3 of 4**

Core Stand Explore factors affecting children and families with a variety of special (economic, physical, emotional, intellectual, and societal) conditions and the resources available to children and families dealing with these factors.

- 1 Examine characteristics, needs, and interventions related to children with special needs, such as those who are academically gifted; have learning, emotional, and physical difficulties; and experience developmental delays. [ACD-7.1](#)
 - 2 Investigate inherited and environmental conditions which adversely affect children and determine interventions to provide a safe and secure environment for children. [ACD-7.2](#)
 - 3 Determine situations that require crisis intervention and community services available to provide this intervention. [ACD-7.3](#)
 - 4 Identify support services and referral processes for children and families, including those from friends, family, community, and social agencies. [ACD-7.4](#)
-

**Career Exploration in
Child Development and
Nurturing**

Core Stan Investigate career pathways, education, and training in areas related to children, child development, and nurturing of children.

- 1 Examine potential career paths, trends, and job market opportunities in areas related to children, child development, and nurturing of children. [ACD-8.1](#)
- 2 Determine roles and functions; knowledge, skills, and attitudes; and rewards and demands associated with various careers and levels of employment in areas related to children, child development, and nurturing of children. [ACD-8.2](#)
- 3 Analyze personal qualifications, interests, values, and educational preparation required for careers and employment in areas related to children, child development, and nurturing of children. [ACD-8.3](#)
- 4 Identify volunteer roles, part-time jobs, and entry-level positions that offer opportunities to explore careers related to children, child development, and nurturing of children. [ACD-8.4](#)
